

Abnormal Child Psychology

SECOND EDITION

Eric J. Mash ■ David A. Wolfe

Contents in Brief

PART I Understanding Abnormal Child Psychology

- Chapter 1 Introduction 1
- Chapter 2 Theories and Causes 20
- Chapter 3 Research 44
- Chapter 4 Assessment, Diagnosis, and Treatment 67

PART II Behavioral Disorders

- Chapter 5 Attention-Deficit/Hyperactivity Disorder (ADHD) 98
- Chapter 6 Conduct Problems 127

PART III Emotional Disorders

- Chapter 7 Anxiety Disorders 162
- Chapter 8 Mood Disorders 198

PART IV Developmental and Learning Disorders

- Chapter 9 Mental Retardation 230
- Chapter 10 Autism and Childhood-Onset Schizophrenia 257
- Chapter 11 Communication and Learning Disorders 292

PART V Problems Related to Physical and Mental Health

- Chapter 12 Health-Related Disorders 320
- Chapter 13 Eating Disorders and Related Conditions 350
- Chapter 14 Child Abuse and Neglect 376

Contents

PART I Understanding Abnormal Child Psychology

1 Introduction 1

■ *Georgina: Counting for Safety* 1

Historical Views and Breakthroughs 2

The Emergence of Social Conscience 3 • Psychiatric Disorder and Mental Retardation 4 • Early Biological Attributions 5 • Early Psychological Attributions 6 • Evolving Forms of Treatment 8 • Section Summary 8

What Is Abnormal Behavior in Children and Adolescents? 8

Defining Psychological Disorders 9 • Competence 10 • Developmental Pathways 11 • Section Summary 13

Risk and Resilience 13

■ *Raoul and Jesse: Why the Differences?* 13
Section Summary 15

The Significance of Children's Mental Health Problems 15

Mental Health Issues in Children and Adolescents 15 • Contextual Factors 16 • Special Issues Concerning Adolescents 17 • Lifespan Implications 18 • Section Summary 18

Looking Ahead 18

Key Terms 19

2 Theories and Causes 20

■ *Jake: Not Keeping Up* 20

What Caused Jake's Problems? 20

Section Summary 23

The Role of Theory 23

Developmental Considerations 23 • Developmental Psychopathology Perspective 24 • Section Summary 26

Theoretical Foundations 26

Underlying Assumptions 27 • An Integrative Approach 29 • Section Summary 30

Biological Perspectives 30

Neural Plasticity and the Role of Experience 30 • Genetic Contributions 31 • Neurobiological Contributions 33 • Section Summary 35

Psychological Perspectives 36

Emotional Influences 36 • Behavioral and Cognitive Influences 38 • Section Summary 40

Family and Social Influences 40

Evolution and Attachment 40 • The Family and Peer Context 41 • Section Summary 42

Looking Ahead 42

Key Terms 43

3 Research 44

A Scientific Approach 44

Facilitated Communication: A Case Example 45 • Section Summary 46

The Research Process 46

Sample Research Questions 47 • Common Research Topics 47 • Section Summary 51

Methods of Studying Behavior 51

Standardization, Reliability, and Validity 51 • Measurement 52 • Reporting 52 • Psychophysiology and Neuroimaging 53 • Observation 54 • Section Summary 54

Research Strategies 54

Identifying the Sample 55 • General Approaches 55 • Research Designs 57 • Qualitative Research 61 • Section Summary 63

Ethical and Pragmatic Issues 64

Informed Consent and Assent 64 • Voluntary Participation 64 • Confidentiality and Anonymity 65 • Nonharmful

Procedures 65 • Other Ethical and Pragmatic Concerns 65
• Section Summary 65

Key Terms, 66

4 Assessment, Diagnosis, and Treatment 67

- *Felicia: Multiple Problems* 67

Clinical Issues 67

The Decision-Making Process 68 • Developmental Considerations 68 • Purposes of Assessment 70 • Section Summary 72

Assessing Disorders 72

Clinical Interviews 73

- *Felicia: History* 74
- *Felicia: Mental Status* 75

Behavioral Assessment 76 • Psychological Testing 78 • Section Summary 84

Classification and Diagnosis 84

Categories and Dimensions 85 • The Diagnostic and Statistical Manual (DSM) 86 • Section Summary 89

Treatment 89

Intervention 89 • Cultural Considerations 90 • Treatment Goals 91 • Models of Delivery 91 • Ethical and Legal Considerations 92 • General Approaches 93

- *Felicia: Multiple Solutions* 94

Treatment Effectiveness 96 • Section Summary 96

Key Terms 96

PART II Behavioral Disorders

5 Attention-Deficit/ Hyperactivity Disorder (ADHD) 98

Description and History 98

Description 98

- *John: Inattentive, Hyperactive, Impulsive* 98

History 100 • Section Summary 101

Core Characteristics 101

Inattention

- *Lisa: Just Can't Focus* 101

Hyperactivity-Impulsivity 103

- *Mark: Junior Wild Man* 103

Additional Criteria 104 • Subtypes 105 • What DSM Criteria Don't Tell Us 105 • Section Summary 105

Associated Characteristics 106

Cognitive Deficits 106

- *Ian: School Misery* 106

Speech and Language Impairments 107 • Medical and Physical Characteristics 107 • Interpersonal Difficulties 108

- *Dennis: Nothing Sticks* 108
- *Ian: Sibling Conflict* 108

Task and Situational Factors 109 • Section Summary 109

**Accompanying Psychological Disorders
and Symptoms 110**

Oppositional Defiant Disorder and Conduct Disorder 110

- *Shawn: Bad Boy* 110

Anxiety Disorders 111

- *T.J.: Overactive and Anxious* 111

Depression 111 • Section Summary 111

Prevalence and Course 111

Gender 111 • Culture and Ethnicity 112 • Course and Outcome 112

- *Alan: Off and Running* 112
- *Alan: Preschool Outcast* 113
- *Alan: I Couldn't Do Anything Right* 113
- *Alan: A Parent's Viewpoint* 113
- *Alan: Ten Years of Chaos* 114

Section Summary 114

Theories and Causes 114

Genetic Influences 116 • Pregnancy, Birth, and Early Development 117 • Neurobiological Factors 117 • Diet Allergy, and Lead 118 • Family Influences 118 • Section Summary 119

Treatment 119

- *Mark: Medication and Behavior Therapy* 119
- *Lisa: Behavior Therapy and Counseling* 120

Medication: The Great Debate 120 • Parent Management Training (PMT) 122 • Educational Intervention 123

- *Alan: Boxed in at School* 123

Intensive Interventions 123 • Additional Interventions 125

- *Ian: Masking the Pain* 125

A Comment on Controversial Treatments 125 • Keeping Things in Perspective 126

- *Alan: Good Support System* 126

Section Summary 126

Key Terms 126

6 Conduct Problems 127

Description 128

- *Andy: Young Rage* 128
- *Marvella: Unmanageable* 128
- *Nick: Not Like Other Kids* 128
- *Names Withheld: Child Killers* 128
- *Steve: Not without Cause* 128

Section Summary 129

Context, Costs, and Perspectives 129

Context 129 • Social and Economic Costs 129 • Perspectives 130 • Section Summary 133

DSM-IV-TR: Defining Features 133

Oppositional Defiant Disorder (ODD) 133
 ■ *Gordon: Enjoying His Power* 133
 Conduct Disorder (CD) 133

- *Greg: Dangerous Distress* 133
- *Jason: No Conscience* 135

Section Summary 136

Associated Characteristics 137

Cognitive and Verbal Deficits 137 • School and Learning Problems 137 • Self-Esteem Deficits 138 • Peer Problems 138

- *Tom and Matthew: Murderous Meeting of Minds* 139

Family Problems 139

- *Pam: No Resolution* 139

Health Problems 140 • Substance Abuse 140 • Section Summary 141

Accompanying Disorders and Symptoms 141

Attention-Deficit/Hyperactivity Disorder 141 • Depression and Anxiety 141 • Section Summary 142

Prevalence, Gender, and Course 142

Prevalence 142 • Gender 142

- *Ann: Runaway* 142

Course 143

- *Marcus: Call of the Wild* 145

Adult Outcomes 145 • Section Summary 147

Causes 147

Genetic Influences 147 • Neurobiological Factors 149 • Social-Cognitive Factors 149 • Family Factors 150 • Other Family Problems 152

- *Jake and Reggie: All Odds against Them* 152
- *Jones Family: You Never Shoot Someone in Public* 153

Societal Factors 153 • Cultural Factors 155

- *The Kapauku of Western New Guinea* 155
- *The Lepcha of the Indian Himalayas* 155

Section Summary 156

Treatment 156

- *Scott: Salvageable?* 156

Parent Management Training (PMT) 157 • Cognitive Problem-Solving Skills Training (PSST) 158 • Multisystemic Treatment (MST) 159 • Medications 160 • Preventive Interventions 160 • Section Summary 161

Key Terms 161

PART III Emotional Disorders

7 Anxiety Disorders 162

Description 163

Experiencing Anxiety 163

■ *Chantelle: The Terror of Being Home Alone* 165
 Anxiety versus Fear and Panic 165 • Normal Fears, Anxieties, Worries, and Rituals 165 • Anxiety Disorders According to DSM-IV-TR 167 • Section Summary 167

Separation Anxiety Disorder 168

■ *Brad: "Don't Leave Me!"* 168
 Prevalence and Comorbidity 168 • Onset, Course, and Outcome 169 • School Reluctance and Refusal 169
 ■ *Eric: Won't Go to School* 169
 Section Summary 170

Generalized Anxiety Disorder 171

■ *Alesha: Perpetual Worrywart* 171
 Prevalence and Comorbidity 172 • Onset, Course, and Outcome 172 • Section Summary 172

Specific Phobia 173

■ *Charlotte: Arachnophobia* 173
 Prevalence and Comorbidity 174 • Onset, Course, and Outcome 174 • Section Summary 174

Social Phobia (Social Anxiety) 174

Prevalence, Comorbidity, and Course 176 • Selective Mutism 176
 ■ *Keisha: Mum's the Word* 176
 Section Summary 176

Obsessive-Compulsive Disorder 177

■ *Paul: Stuck in a Doorway* 177
 Prevalence and Comorbidity 179 • Onset, Course, and Outcome 179 • Section Summary 180

Panic 180

Panic Attacks 180 • Panic Disorder 181
 ■ *Claudia: Attack Out of Nowhere* 181
 Prevalence and Comorbidity 182 • Onset, Course, and Outcome 182 • Section Summary 182

Posttraumatic and Acute Stress Disorders 182

■ *Marcie: Not the Only Victim* 182
 Prevalence and Comorbidity 183 • Onset, Course, and Outcome 184 • Section Summary 185

Associated Characteristics 185

Cognitive Disturbances 185 • Physical Symptoms 185 • Social and Emotional Deficits 185 • Anxiety and Depression 186 • Section Summary 186

Gender, Ethnicity, and Culture 186

Section Summary 187

Theories and Causes 187

Early Theories 188 • Temperament 188 • Genetic and Family Risk 189 • Neurobiological Factors 190 • Family Influences 190

Treatment 191

- *Candy: Afraid to Swallow* 191

 Overview 192 • Behavior Therapy 193 • Cognitive-Behavioral Therapy (CBT) 194 • Medications 196 • Family Interventions 196 • Section Summary 197
Key Terms 197

8 Mood Disorders 198

- *David: Desperate Despair* 198
- *Beth: So Sad* 198
- *Mick: Up and Down* 198

Section Summary 199

Depressive Disorders 199

Main Features 200 • History 200 • Depression in Young People 201 • Depression and Development 201 • Anatomy of Depression 202 • Section Summary 202

Major Depressive Disorder (MDD) 202

- *Joey: Feeling Worthless and Hopeless* 202
 - *Alican: "I Couldn't Take It Any More"* 203
- Prevalence 204 • Comorbidity 204

- *Raymond: Depressed and Enraged* 204

 Onset, Course, and Outcome 205 • Gender and Ethnicity 206 • Section Summary 207
Dysthymic Disorder (DD) 207

- *Deborah: Lost Childhood* 207

 Prevalence and Comorbidity 207 • Onset, Course, and Outcome 208 • Section Summary 208
Associated Characteristics of Depressive Disorders 209

Intellectual and Academic Functioning 209 • Cognitive Disturbances 209

- *Ellie: Life's Hardly Worth It* 209

Low Self-Esteem 210

- *Farah: Never Good Enough* 210

Social and Peer Problems 211 • Family Problems 211 • Suicide 211

- *Carla: "It Became Too Much"* 211

Section Summary 213

Theories of Depression 213

Psychodynamic 213 • Attachment 213 • Behavioral 214 • Cognitive 214 • Other Theories 215 • Section Summary 216

Causes of Depression 216

Genetic and Family Risk 216 • Neurobiological Influences 217 • Family Influences 218

- *Mrs. D.: Not Up to Mothering* 218

Stressful Life Events 219

- *Carline: How Depression Acts* 219

Emotion Regulation 219 • Section Summary 220

Treatment of Depression 220

- *Leeta: Feeling Better* 220

Psychosocial Interventions 221 • Medications 223 •

Prevention 223 • Section Summary 224

Bipolar Disorder (BP) 224

- *Ben: Extreme Mood Swings* 224

Prevalence 226 • Comorbidity 227 • Onset, Course, and Outcome 227 • Causes 227

- *Gabrielle: Runs in the Family* 227

Treatment 227 • Section Summary 228

Key Terms 229

PART IV Developmental and Learning Disorders

9 Mental Retardation 230

Intelligence and Mental Retardation 230

The Eugenics Scare 231 • Defining and Measuring Children's Intelligence and Adaptiveness 232 • The Controversial IQ 233 • Section Summary 233

Features of Mental Retardation 233

- *Matthew: Gaining at His Own Pace* 233

- *Vanessa: Gaining at Home* 234

Clinical Description 234 • Degrees of Impairment 237 • Level of Needed Supports 238 • Prevalence 238 • Section Summary 239

Developmental Course and Adult Outcomes 240

- *Dan: With His Brother's Help* 240

Motivation 241 • Changes in Progress 241 • Language and Social Behavior 242 • Emotional and Behavioral Problems 242

- *Pattie: Disturbed or Disturbing?* 242

Other Disabilities 242 • Section Summary 242

Causes 242

Inheritance and the Role of the Environment 246 • Genetic and Constitutional Factors 247 • Neurobiological Influences 248 • Social and Psychological Dimensions 249 • Section Summary 250

Prevention, Education, and Treatment 250

Prenatal Education and Screening 251 • Psychosocial Treatments 252 • Section Summary 256

Key Terms 256

10 Autism and Childhood-Onset Schizophrenia 257

AUTISM 257

Description and History 257

- *Jay: Not Normal and Knowing It* 258
- *Jerry: Fear and Order* 259

Section Summary 259

DSM-IV-TR: Defining Features 259

Autism across the Spectrum 259

- *Lucy: Autism with Mental Retardation* 260
- *John: Autism with Average Intelligence* 261

Section Summary 262

Core Characteristics of Autism 262

Social Impairments 262 • Communication Impairments 264
• Repetitive Behaviors and Interests 266 • Section
Summary 267

Associated Characteristics of Autism 267

Intellectual Deficits and Strengths 267 • Sensory and
Perceptual Impairments 268 • Cognitive Deficits 269 •
Physical Characteristics 271 • Family Stress 271

- *Emilie: Hard on the Family* 271

Accompanying Disorders and Symptoms 272 • Differential
Diagnosis 272 • Section Summary 272

Prevalence and Course of Autism 272

Age of Onset 273

- *Anne-Marie: First Birthday* 273

Course and Outcome 273 • Section Summary 274

Causes of Autism 274

Problems in Early Development 274 • Genetic Influences
274 • Brain Abnormalities 275 • Section Summary 276

Treatment of Autism 277

Different Children, Different Treatments 277

Overview 278

- *Emilie: A Full-Time Job* 278

Early Intervention 280 • Section Summary 283

Other Pervasive Developmental Disorders (PDD) 283

Asperger's Disorder (AD) 283 • Rett's Disorder 284 •
Childhood Disintegrative Disorder 284 • Pervasive
Developmental Disorder Not Otherwise Specified
(PDD-NOS) 285 • Section Summary 285

CHILDHOOD-ONSET SCHIZOPHRENIA 285

- *Mary: Depressed, Disorderly, Doomed* 286

DSM-IV-TR: Defining Features 286

Psychotic Symptoms 287 • Section Summary 287

Related Symptoms and Comorbidities 288

Prevalence 288

Section Summary 288

Causes 288

Biological Factors 288 • Environmental Factors 289 •
Section Summary 290

Treatment 290

Section Summary 290

Key Terms 290

11 Communication and Learning Disorders 292

- *James: Smart But Can't Read* 292
- *Francine: Shunned and Falling Behind* 292

Definitions and History 293

Section Summary 296

Language Development 296

Phonological Awareness 296 • Section Summary 297

Communication Disorders 297

- *Jackie: Screaming, Not Talking* 297

Expressive Language Disorder 298

Prevalence and Course 299 • Causes 300 •
Treatment 301

Stuttering 301

- *Sayad: Family Legacy* 301

Prevalence and Course 302 • Causes and Treatment 302 •
Section Summary 302

Learning Disorders 302

- *James: Strong Points Shine* 303
- *Tim: Warming with Interest* 303

Reading Disorder 305

Mathematics Disorder 306

Writing Disorder 306

- *Carlos: Slowly Taking Shape* 306

Prevalence and Course 307 • Causes 310 • Prevention
and Treatment 313

- *Francine: Slowly but Surely Improving* 313
- *Carlos: PLANS* 317

Section Summary 319

Key Terms 319

PART V Problems Related to Physical and Mental Health

12 Health-Related Disorders 320

- *Jeremiah: Breath Is Life* 320
- *Anita: Too Worried To Sleep* 320

Section Summary 321

History 321

Section Summary 322

Sleep Disorders 322

The Regulatory Functions of Sleep 323 • Normal Stages of Sleep 324 • Situational and Cultural Influences 325 • Features of Sleep Disorders 326

- *Mano: Sleeping and Sleeping* 327

Treatment 331

- *Anita's Bedtime Routine* 331

Section Summary 332

Elimination Disorders 332

Enuresis 333 • Encopresis 335 • Section Summary 336

Chronic Childhood Illness 337

- *A Mother's Reflection* 337

Normal Variations in Children's Health 338 • Diabetes Mellitus 339

- *Amanda: Daily Struggle with Diabetes* 339

Childhood Cancer 340

- *Chen: A Determined Boy Fighting Leukemia* 340

Development and Course 341 • How Children Adapt: A

Biopsychosocial Model 343 • Intervention 345 • Section Summary 349

Key Terms 349

13 Eating Disorders and Related Conditions 350

How Eating Patterns Develop 351

Normal Development 351 • Developmental Risk Factors 351 • Biological Regulators 354 • Section Summary 355

Feeding and Eating Disorders of Infancy and Early Childhood 355

Pica 355 • Feeding Disorder of Infancy or Early Childhood 356 • Failure to Thrive 357 • Section Summary 358

Obesity 358

- *Ellen: Self-Image and Self-Esteem* 358

Prevalence and Development 359 • Causes 360 •

Treatment 360 • Section Summary 361

Eating Disorders of Adolescence 361

Anorexia Nervosa 362

- *Martha: Obsessed with Food and Weight* 362

Bulimia Nervosa 364

- *Phillipa: A Well-Kept Secret* 364

Prevalence and Development of Anorexia and Bulimia 366 •

Causes 368 • Treatment 372 • Section Summary 375

Key Terms 375

14 Child Abuse and Neglect 376

- *Mary Ellen's Legacy* 376

- *Nadine: What Went Wrong?* 376

History and Family Context 378 • Healthy Families 379 •

Continuum of Care 380 • Section Summary 381

Types of Abuse 381

Physical Abuse 381

- *Milton: Abused and Abusive* 381

Neglect 382

- *Jane and Matt: Used to Neglect* 382

Sexual Abuse 383

- *Rosita: No Haven at Home* 383

Emotional Abuse 384

- *Evan: If This is Love* 384

Section Summary 384

Prevalence and Context 384

Incidence of Abuse and Neglect in North America 385 •

Characteristics of Victimized Children 385 • Characteristics of Family and Perpetrator 386 • Cross-Cultural Comparisons 386 • Section Summary 386

Developmental Course and Psychopathology 386

- *Rosita: Feeling Trapped* 387

Resilience and Adaptation 387 • Developmental Consequences 386 • Psychopathology and Adult Outcomes 391

- *Celia: Walled Away* 391

Section Summary 394

Causes 394

Physical Abuse and Neglect 395

- *Brenda: Unhappy Childhood, Unhappy Motherhood* 395

Sexual Abuse 398 • Social and Cultural Dimensions 399 •

Section Summary 400

Prevention and Treatment 401

Physical Abuse and Neglect 401

- *Milton's Treatment—Session 1* 401

■ *Milton's Treatment—Session 4* 401
Sexual Abuse 403 • Section Summary 404
