Contents

Unit I

Family-Centered Care Throughout the Family Life Cycle

I The Child Developing Within the Family 3

- Family-Centered Care 5
 - Elements of Family-Centered Care 6
 - Family-Centered Care Interventions and Strategies 6
 - The Medical Home 8
- Family Theories 10
 - Family Systems Approach 10
 - Developmental Approach 12
 - Family Stress and Coping Frameworks 15
 - Structural-Functional Approach 19
 - Interactional Approach 19
- Family Structure 20
 - Nuclear Family 20
 - Dual-Career Family 21
 - Extended Family 21
 - Single-Parent Family 22
 - Binuclear Family 22
 - Blended Family 24
 - Gay or Lesbian Family 24
 - Communal Family 26
- Family Functions 27
 - Family Roles 28
 - Healthy Family Processes 28
- Special Family Issues 29
 - Adoption 29
 - Foster Care 31
 - Multiple Births 33
 - Divorce 35
 - Grandparent Families 37
 - Adolescent Parent Families 39
 - Homeless Families 40
- Cultural and Religious Influences on the Family 42
 - Cultural and Religious Concepts 42
 - Culturally Sensitive Health Care 42

- Health Beliefs and Practices of Culturally Diverse Families 43
- Cultural and Spiritual Assessment 43
- Health Care Implications 44

2 Advocating for Children and Families 48

- Major Threats to Children's Health 49
- Child Health Initiatives and Major Child Advocacy Groups 51
- Advocates for Children's Health Care Issues 52
 - Nurses' Role 52
 - Parents' Role 54
 - Community's Role 54
- Health Care Delivery Resources for Children and Their Families 55
 - Public Programs for Community Care Services 55
 - Education Programs for Children With Special Health Care Needs 62
 - Private Programs for Community Care Services 65
- Ethical Issues in the Care of Children 65
 - Decision Making and Informed Consent 66
 - Sanctity and Quality of Life 67
 - Do Not Resuscitate or Do Not Attempt Resuscitation Orders 68
 - Genetic and Technologic Advances, Innovative Therapy, and Other Practices 68
- Legal Issues in the Care of Children 69
 - Rights of Children 69
 - Rights of Emancipated Minors 70
 - Rights of Parents 71
- Research Issues in the Care of Children 71
 - Ethical Conduct of Research 72

3 Principles and Physiologic Basis of Growth and Development 75

- Principles of Growth and Development 76
 - Factors Influencing Development 78
 - Biologic Factors 79
 - Environmental Factors 81
 - Development of the Body Systems 86
 - Development of the Fetus 86
 - Changes in General Body Growth 87
 - Musculoskeletal Development 89
 - Neurologic Maturation 89
 - Sensory Organ Development 97
 - Organ Development 99
 - Theories of Development 105
 - Personality Development 105
 - Cognitive-Intellectual Development 109
 - Behavioral Development 113
 - Social Learning Theories 114
 - Language Development 114
 - Gender Identification and Sexual Development 115
 - Moral Development 118
 - Spiritual Development 120
 - Developmental Surveillance 120
 - Developmental Assessment 122
- #### 4 Infancy (Newborn to 11 Months) 127
- Developmental Assessment and Surveillance 128
 - Hygiene and Personal Care 129
 - Bathing 129
 - Skin Care 134
 - Oral Care 135
 - Sleep 137
 - Clothing 139
 - Nutrition 140
 - Challenges With Providing Nutrition to the Infant 141
 - Breastfeeding 141
 - Bottlefeeding 146

- Starting Solid Foods 148
 - Elimination 150
 - Personal and Social
 - Development 152
 - Temperament 152
 - Colic 152
 - Relationships 153
 - Play 157
 - Injury and Illness Prevention 160
 - Home Safety 160
 - Play Safety 162
 - Water Safety 163
 - Car Safety 163
 - Outdoor Safety 164
- 5 Early Childhood (1 to 4 Years) 167**
- Developmental Assessment and Surveillance 168
 - Hygiene and Personal Care 171
 - Bathing 171
 - Oral Care 172
 - Sleep 174
 - Clothing 175
 - Toilet Learning 176
 - Nutrition 178
 - Physical Fitness 180
 - Play 180
 - Media Use 183
 - Personal and Social
 - Development 184
 - Personality Development 184
 - Temperament 185
 - Relationships 185
 - Language Development 187
 - Fears 187
 - Sexuality 188
 - Discipline and Limit Setting 188
 - Schooling and Child Care 190
 - Preventing Injury and Illness 193
- 6 Middle Childhood (5 to 10 Years) 199**
- Developmental Assessment and Surveillance 200
 - Hygiene and Personal Care 201
 - Oral Care 201
 - Sleep 204
 - Nutrition 205
 - School Lunch Programs 205
 - Obesity 206
 - Physical Fitness 206
 - Age-Appropriate Activities 208
 - Media Use 209
 - Personal and Social
 - Development 210
 - Personality and Temperament 210
 - Relationships 211
 - Fears 212
 - Sexuality 213
 - Schooling and Child Care 213
 - Preparation for School 214
 - School 215
 - Preventing Injury and Illness 218
- 7 Adolescence (11 to 21 Years) 224**
- Developmental Assessment and Surveillance 225
 - Hygiene and Personal Care 230
 - Acne 230
 - Body Shaving 231
 - Tattooing, Body Piercing, and Branding 231
 - Body Modification 232
 - Oral Care 232
 - Sleep 232
 - Nutrition 233
 - Dietary Supplements 234
 - Obesity 234
 - Physical Fitness 235
 - Personal and Social
 - Development 236
 - Temperament 236
 - Relationships 237
 - Sexuality 238
 - School 240
 - Media Use 241
 - Work 243
 - Preventing Injury and Illness 245
 - Driving 245
 - Sports Injuries 245
 - Tobacco, Alcohol, and Substance Use 249
 - Violence 251
 - Health Risks From Sexual Activity 252
- Unit 2**
- Maintaining Health Across the Continuum of Care**
- 8 Health Assessment and Well-Child Care 263**
- Health Assessment From
 - Infancy Through Adolescence 264
 - Communication Skills 264
 - Health History 264
 - Physical Examination 271
 - Database and Interpretation 295
 - Well-Child Care 295
 - Health Surveillance Visits 295
 - Anticipatory Guidance 296
 - Levels of Prevention 298
 - Immunization 299
- 9 Pharmacologic Management 310**
- Developmental Considerations in Pharmacokinetics and Pharmacodynamics 310
 - Pharmacokinetics 310
 - Pharmacodynamics 312
 - The Six Rights 312
 - The Right Medication 312
 - The Right Dose 313
 - The Right Patient 315
 - The Right Route 316
 - The Right Time 316
 - The Right Approach 316
 - Avoiding Common Errors in Medication Administration 317
 - Prescribing and Transcription Errors 317
 - Dispensing and Administration Errors 320
 - Reporting Adverse Drug Reactions and Medication Errors 320
 - Administering Medication to Children 320
 - Routes of Administration 322
 - Education About Pharmacologic Agents 328
 - Administering Medication in School, Camp, or Child Care Settings 328
 - Verbal Orders 328
 - Resources for Safe Medication Practices 330
- 10 Pain Management 331**
- Neurophysiology of Pain 332
 - Noiceptive and Neuropathic Pain 332
 - Developmental Patterns 332
 - Factors That Influence the Pain Experience 334
 - Type of Pain Experience 334
 - Child Characteristics 335
 - Parental Influence 338
 - Influence of Health Care Professionals and Systems 339
 - Assessing Pain in Children 339
 - Self-Report Strategies 341
 - Behavioral Observations 341
 - Physiologic Parameters 343
 - Developmental Factors in Pain Assessment 345
 - Managing Pain in Children 351
 - Pharmacologic Pain Management 351
 - Biobehavioral Strategies and Comfort Interventions 360

- Management of Special Pain Situations* 368
- Ensuring Effective Outcomes of Pain Management 376
- The Interdisciplinary Pain Team* 376
- Nurse's Role in Pain Management* 377
- Documentation* 377
- 11 Acute Illness as a Challenge to Health Maintenance 386**
- The Acute Care Experience 387
- The Acute Care Environment 388
- Nursing Care of the Child and Family During the Admission Process 388
- Preparing the Child and Family for Admission: Hospital Tours* 388
- Conducting an Admission Assessment* 391
- Nursing Care of the Child and Family During Hospitalization 393
- Promoting Activities of Daily Living* 393
- Maintaining Safety* 396
- Performing Routine Procedures* 403
- Maintaining Infection Control* 403
- Educating the Child and Family* 409
- Promoting Coping: The Child* 409
- Promoting Coping: The Family* 417
- Nursing Care of the Child Undergoing Surgery 423
- Preoperative Care* 423
- Postanesthesia Care* 429
- Same-Day Surgery* 429
- Preparing for Discharge From an Acute Care Setting 432
- Prolonged Hospitalization 433
- Effect on the Child* 434
- Effect on Parenting* 434
- Care Conferences* 434
- Discharge* 435
- 12 Chronic Conditions as a Challenge to Health Maintenance 439**
- Understanding Chronic Conditions 440
- Terminology Related to Chronicity* 440
- The Spectrum of Chronic Conditions* 442
- The Prevalence of Chronic Conditions* 443
- Psychological Adjustment to a Child With a Chronic Condition 443
- Before the Diagnosis* 443
- The Diagnosis* 444
- Ongoing Care Demands* 448
- Hospitalizations and Deterioration* 457
- Impact of a Chronic Condition on a Child/Adolescent 458
- Impact on Physical Development* 458
- Impact on Achieving Developmental Milestones* 458
- Impact on Psychological Development* 462
- Rehabilitation and Habilitation 465
- Unique Features of Pediatric Rehabilitation and Habilitation* 465
- Levels and Settings of Rehabilitative and Habilitative Care* 467
- Assessment of the Child With Rehabilitative and Habilitative Needs* 468
- Management of Functional Limitations* 468
- Community Reentry and Ongoing Health Care Needs 473
- Home Care* 474
- Primary Care* 475
- Respite Care* 475
- Transportation Issues* 475
- Pain Management* 475
- Financial Constraints* 477
- Participation in School* 477
- Prognosis and Transitioning 480
- 13 Palliative Care 483**
- Historical Perspectives of Pediatric Palliative Care 484
- Definition and Approaches to Pediatric Palliative Care 485
- Institute of Medicine Report: When Children Die* 486
- Last Acts: Precepts of Pediatric Palliative Care* 487
- Integrated Palliative Care Model* 487
- Four Cornerstones of Clinical Practice in Pediatric Palliative Care* 488
- Nursing Care of Grieving Families 488
- Barriers to Pediatric Palliative Care 489
- Failure to Accept Realities of Life-Limiting Disease* 489
- Access to Palliative Care Services and Hospice* 491
- Communication With the Family* 492
- The Child's Understanding of Death* 493
- Achieving Quality of Life 496
- Environment of Care* 497
- Physical Care and Symptom Management* 497
- Psychological and Social Support* 501
- Continuing in School* 502
- Cultural and Spiritual Support* 502
- When Death Occurs 504
- Discontinuing Treatment* 504
- Time-of-Death Decisions* 505
- Care at the Time of Death* 505
- Care of Parents* 507
- Care of Siblings* 507
- Follow-Up Care* 508
- Special Considerations Related to the Cause and Place of Death 508
- Perinatal Loss* 508
- Dying in the Acute Care Setting* 510
- Dying in the Community* 512
- Grief and Bereavement 513
- Grief Responses* 516
- Bereavement Tasks* 517
- Bereavement Responses of the Dying Child* 519
- Bereavement Responses When A Parent Loses a Child* 519
- Bereavement Responses When A Child Loses a Loved One* 520
- Bereavement Support for Pediatric Health Care Providers* 523
- UNIT 3**
- Managing Health Challenges**
- 14 The Neonate With Altered Health Status 531**
- Developmental and Biologic Variances 532
- Assessment 533
- Focused Health History* 533
- Focused Physical Assessment* 534
- Diagnostic Criteria* 534
- Treatment Modalities 541
- Skin-to-Skin Holding* 541
- Developmental Care* 542

- Nursing Plan of Care** 543
