

GREEN COMPOSITES *from* NATURAL RESOURCES

Edited by **Vijay Kumar Thakur**

 **CRC Press**
Taylor & Francis Group

Contents

Preface.....	vii
Editor	ix
Contributors	xi
Chapter 1 Green Composites: An Introduction	1
<i>Vijay K. Thakur, Manju K. Thakur, Raju K. Gupta, Raghavan Prasanth, and Michael R. Kessler</i>	
Chapter 2 Valorization of Agricultural By-Products in Poly(Lactic Acid) to Develop Biocomposites	11
<i>Anne Bergeret, Jean-Charles Benezet, Thi-Phuong-Thao Tran, George C. Papanicolaou, and Anastasia Koutsomitopoulou</i>	
Chapter 3 Processing Cellulose for Cellulose Fiber and Matrix Composites.....	45
<i>Robert A. Shanks</i>	
Chapter 4 Hemp and Hemp-Based Composites.....	63
<i>Hao Wang and Alan K.T. Lau</i>	
Chapter 5 Plant Fiber-Based Composites.....	95
<i>Bessy M. Philip, Eldho Abraham, Deepa B., Laly A. Pothan, and Sabu Thomas</i>	
Chapter 6 <i>Eulaliopsis binata</i> : Utilization of Waste Biomass in Green Composites	125
<i>Vijay K. Thakur, Manju K. Thakur, and Raju K. Gupta</i>	
Chapter 7 Bast Fibers Composites for Engineering Structural Applications: Myth or the Future Trend.....	133
<i>Bartosz T. Weclawski and Mizi Fan</i>	
Chapter 8 Life Cycle Assessment for Natural Fiber Composites	157
<i>Nilmini P.J. Dissanayake and John Summerscales</i>	

Chapter 9	Effect of Halloysite Nanotubes on Water Absorption, Thermal, and Mechanical Properties of Cellulose Fiber-Reinforced Vinyl Ester Composites.....	187
	<i>Abdullah Alhuthali and It Meng Low</i>	
Chapter 10	Eco-Friendly Fiber-Reinforced Natural Rubber Green Composites: A Perspective on the Future	205
	<i>Raghavan Prasanth, Ravi Shankar, Anna Dilfi, Vijay K. Thakur, and Jou-Hyeon Ahn</i>	
Chapter 11	Weathering Study of Biofiber-Based Green Composites	255
	<i>Vijay K. Thakur, Manju K. Thakur, and Raju K. Gupta</i>	
Chapter 12	Machining Behavior of Green Composites: A Comparison with Conventional Composites.....	267
	<i>Inderdeep Singh and Pramendra K. Bajpai</i>	
Chapter 13	Potential Biomedical Applications of Renewable Nanocellulose	281
	<i>Sivoney F. de Souza, Bibin M. Cherian, Alcides L. Leão, Marcelo Telascrea, Marcia R. M. Chaves, Suresh S. Narine, and Mohini Sain</i>	
Chapter 14	Green Composites from Functionalized Renewable Cellulosic Fibers.....	307
	<i>Vijay K. Thakur, Manju K. Thakur, and Raju K. Gupta</i>	
Chapter 15	Properties and Characterization of Natural Fiber-Reinforced Polymeric Composites.....	321
	<i>Hom N. Dhakal and Zhong Y. Zhang</i>	
Chapter 16	Vegetable Oils for Green Composites	355
	<i>Vijay K. Thakur, Mahendra Thunga, and Michael R. Kessler</i>	
Index		391
