

*INTRODUCTORY*

# Maternity & Pediatric Nursing

Nancy T. Hatfield  
Cynthia A. Kincheloe

FOURTH EDITION

 Wolters Kluwer

# Contents in Brief

## UNIT 1

### Overview of Maternal and Pediatric Health Care 1

- 1 The Nurse's Role in a Changing Maternal-Child Health Care Environment 2
- 2 Family-Centered and Community-Based Maternal and Pediatric Nursing 20

## UNIT 2

### Foundations of Maternity Nursing 37

- 3 Structure and Function of the Reproductive System 38
- 4 Special Issues of Women's Health Care and Reproduction 52

## UNIT 3

### Pregnancy 87

- 5 Fetal Development 88
- 6 Maternal Adaptation During Pregnancy 107
- 7 Prenatal Care 124

## UNIT 4

### Labor and Birth 153

- 8 The Labor Process 154
- 9 Pain Management During Labor and Birth 171
- 10 Nursing Care During Labor and Birth 188
- 11 Assisted Delivery and Cesarean Birth 222

## UNIT 5

### Postpartum and Newborn 243

- 12 The Postpartum Woman 244
- 13 Nursing Care During Newborn Transition 268
- 14 Nursing Care of the Normal Newborn 288
- 15 Newborn Nutrition 308

## UNIT 6

### Childbearing at Risk 327

- 16 Pregnancy at Risk: Conditions That Complicate Pregnancy 328
- 17 Pregnancy at Risk: Pregnancy-Related Complications 356
- 18 Labor at Risk 383
- 19 Postpartum Woman at Risk 400
- 20 The Newborn at Risk: Gestational and Acquired Disorders 424
- 21 The Newborn at Risk: Congenital Disorders 452

## UNIT 7

### Health Promotion for Normal Growth and Development 487

- 22 Principles of Growth and Development 488
- 23 Growth and Development of the Infant: 28 Days to 1 Year 508

- 24 Growth and Development of the Toddler: 1 to 3 Years 527
- 25 Growth and Development of the Preschool Child: 3 to 6 Years 544
- 26 Growth and Development of the School-Aged Child: 6 to 10 Years 558
- 27 Growth and Development of the Adolescent: 11 to 18 Years 573

## UNIT 8

### Foundations of Pediatric Nursing 591

- 28 Data Collection (Assessment) for the Child 592
- 29 Care of the Hospitalized Child 611
- 30 Procedures and Treatments 629
- 31 Medication Administration and Intravenous Therapy 646

## UNIT 9

### Special Concerns of Pediatric Nursing 663

- 32 The Child with a Chronic Health Problem 664
- 33 Abuse in the Family and Community 676
- 34 The Dying Child 688

## UNIT 10

### The Child with a Health Disorder 705

- 35 The Child with a Sensory/Neurologic Disorder 706
- 36 The Child with a Respiratory Disorder 737
- 37 The Child with a Cardiovascular/Hematologic Disorder 765
- 38 The Child with a Gastrointestinal/Endocrine Disorder 788
- 39 The Child with a Genitourinary Disorder 827
- 40 The Child with a Musculoskeletal Disorder 840
- 41 The Child with an Integumentary Disorder/Communicable Disease 859
- 42 The Child with a Psychosocial Disorder 895

**Appendix A** Standard and Transmission-Based Precautions 917

**Appendix B** NANDA Approved Nursing Diagnoses 2015–2017 918

**Appendix C** The Joint Commission's "Do Not Use" List of Abbreviations, Acronyms, and Symbols 921

**Appendix D** Good Sources of Essential Nutrients 922

**Appendix E** Breast-Feeding and Medication Use 923

**Appendix F** Cervical Dilatation Chart 925

**Appendix G** Growth Charts 926

**Appendix H** Pulse, Respiration, and Blood Pressure Values for Children 932

**Appendix I** Temperature and Weight Conversion Charts 933

Glossary 935  
English-Spanish Glossary 947  
References and Selected Readings 951  
Index 961

# Contents

## UNIT 1

### Overview of Maternal and Pediatric Health Care 1

- 1 The Nurse's Role in a Changing Maternal-Child Health Care Environment 2
- Changing Concepts in Maternal-Child Health Care 3
  - Development of Maternity Care 3
  - Development of Pediatric Care 4
- Current Trends in Maternal-Child Health Care 5
  - Family-Centered Care 5
  - Centralized Care 5
  - Advances in Research 6
  - Bioethical Issues 6
  - Demographic Trends 7
  - Poverty 7
  - Cost Containment 7
- Payment for Health Services 9
  - Private Insurance 9
  - Federally Funded Sources 9
  - Specialized Services 10
- Maternal-Child Health Today 10
  - Maternal-Infant Health Status 10
  - Child and Adolescent Health Status 11
  - Campaigns to Improve Maternal-Child Health Status 12
- The Nurse's Changing Role in Maternal-Child Health Care 14
- Critical Thinking 15
- The Nursing Process 16
  - Assessment (Data Collection) 16
  - Nursing Diagnosis 16
  - Outcome Identification and Planning 17
  - Implementation 17
  - Evaluation 17
- Documentation 17
- 2 Family-Centered and Community-Based Maternal and Pediatric Nursing 20
- The Family as a Social Unit 20
  - Family Function 21
  - Family Structure 22
  - Family Factors That Influence Childbearing and Child-Rearing 24
- Health Care Shift: From Hospital to Community 25
  - Community-Based Nursing 26
  - Community Care Settings for the Maternity Client 26
  - Community Care Settings for the Child 28
  - Skills of the Community-Based Nurse 30
  - The Challenge of Community-Based Nursing 31

## UNIT 2

### Foundations of Maternity Nursing 37

- 3 Structure and Function of the Reproductive System 38
  - Male Reproductive System 39
    - External Genitalia 39
    - Internal Reproductive Organs 40
  - Female Reproductive System 42
    - External Genitalia (Vulva) 42
    - Internal Reproductive Organs 44
    - Blood Supply for the Pelvic Organs 46
  - Regulation of Reproductive Function 46
    - Puberty 46
    - Menstrual Cycle 47
    - Menopause 49
  - Sexual Response Cycle 49
- 4 Special Issues of Women's Health Care and Reproduction 52
  - Women's Health Issues 53
  - Health Screening for Women 53
    - Breast Cancer Screening 53
    - Pelvic Examination and Pap Smear 54
    - Vulvar Self-Examination 56
  - Common Disorders of the Female Reproductive Tract 56
    - Menstrual Disturbances 56
    - Infectious Disorders 59
    - Disorders of the Uterus and Ovaries 60
    - Pelvic Support Disorders 61
  - Reproductive Life Cycle Issues 62
  - Family Planning 63
    - Planning Pregnancy 63
    - Preventing Pregnancy 64
  - Nursing Process for Assisting the Couple with Choosing a Contraceptive Method 75
  - Abortion 77
  - Infertility 78
    - Causes of Infertility 78
    - Initial Evaluation of Infertility 79
    - Comprehensive Evaluation and Diagnostic Testing 79
    - Management of Infertility 80
    - Psychological Aspects of Infertility 81
    - Nursing Care 81
  - Menopause 82
    - Clinical Manifestations 82
    - Treatment 82
    - Nursing Care 82

**UNIT 3****Pregnancy 87**

- 5 Fetal Development 88**
  - Cellular Processes 88**
    - Types of Cells 89
    - Cellular Division 89
  - Stages of Fetal Development 90**
    - Pre-Embryonic Stage 90
    - Embryonic Stage 92
    - Fetal Stage 93
  - Development of Supportive Structures 96**
    - Fetal Membranes 96
    - Amniotic Fluid 96
    - Placenta 97
    - Umbilical Cord 98
  - Fetal and Placental Circulation 98**
    - Fetal Circulation 98
    - Placental Circulation 99
  - Special Considerations of Fetal Development 99**
    - Teratogens and the Fetus 99
    - Ectopic Pregnancy 102
    - Multifetal Pregnancy 102
- 6 Maternal Adaptation During Pregnancy 107**
  - Signs of Pregnancy 107**
    - Presumptive (Possible) Signs 107
    - Probable Signs 108
    - Positive Signs 108
  - Physiologic Adaptation to Pregnancy 109**
    - Reproductive Changes 109
  - Changes to Body Systems During Pregnancy 110**
    - Endocrine Changes 110
    - Hematologic Changes 111
    - Cardiovascular Changes 111
    - Respiratory Changes 111
    - Musculoskeletal Changes 112
    - Gastrointestinal Changes 113
    - Urinary Changes 113
    - Integumentary Changes 113
  - Psychological Adaptation to Pregnancy 114**
    - First-Trimester Task: Accept the Pregnancy 114
    - Second-Trimester Task: Accept the Baby 115
    - Third-Trimester Task: Prepare for Parenthood 115
  - Changing Nutritional Requirements of Pregnancy 116**
    - Energy Requirements and Weight Gain 116
    - Protein Requirements 116
    - Mineral Requirements 116
    - Vitamin Requirements 119
    - Dietary Supplementation 120
    - Dietary Restrictions During Pregnancy 120
    - Special Nutritional Considerations 121
- 7 Prenatal Care 124**
  - Assessment of Maternal Well-Being During Pregnancy 125**
    - First Prenatal Visit 125
    - Subsequent Prenatal Visits 128
  - Assessment of Fetal Well-Being During Pregnancy 129**
    - Fetal Kick Counts 129
    - Ultrasonography 130
    - Maternal Serum Alpha-Fetoprotein Screening 131
    - Triple-Marker (or Multiple-Marker) Screening 132
    - Amniocentesis 132
    - Chorionic Villus Sampling 133
    - Percutaneous Umbilical Blood Sampling 133
    - Nonstress Test 134
    - Vibroacoustic Stimulation 134
    - Contraction Stress Test 134
    - Biophysical Profile 134
    - The Nurse's Role in Prenatal Care 135**
      - Nursing Process for Prenatal Care 135*

**UNIT 4****Labor and Birth 153**

- 8 The Labor Process 154**
  - Four Essential Components of Labor 155**
    - Passageway 155
    - Passenger 157
    - Powers 160
    - Psyche 161
  - The Process of Labor 161**
    - Onset of Labor 162
    - Mechanisms of a Spontaneous Vaginal Delivery 162
    - Stages and Duration of Labor 164
  - Maternal and Fetal Adaptation to Labor 166**
    - Maternal Physiologic Adaptation 166
    - Maternal Psychological Adaptation 166
    - Fetal Adaptation to Labor 167
- 9 Pain Management During Labor and Birth 171**
  - The Pain of Labor and Childbirth 172**
    - Uniqueness of Labor and Birth Pain 172
    - Physiology and Characteristics of Labor Pain 172
    - Factors Influencing Labor Pain 172
  - Pain Management Principles and Techniques 172**
    - Principles of Pain Relief During Labor 173
    - Nonpharmacologic Interventions 173
    - Pharmacologic Interventions 177
- 10 Nursing Care During Labor and Birth 188**
  - The Nurse's Role During Admission 189**
    - Immediate Assessments 189
    - Additional Assessments 191
    - Performing Routine Admission Orders 194
  - The Nurse's Role: Ongoing Assessment of Uterine Contractions and FHR 194**
    - Monitoring Uterine Contractions 195
    - Monitoring FHR 196
  - The Nurse's Role During Each Stage of Labor 202**
    - Nursing Process During the First Stage of Labor:*
      - Dilation 202*
    - Nursing Process During the Second Stage of Labor:*
      - Expulsion of the Fetus 209*
    - Nursing Process During the Third Stage of Labor:*
      - Delivery of Placenta 215*
    - Nursing Process During the Fourth Stage of Labor:*
      - Recovery 216*
- 11 Assisted Delivery and Cesarean Birth 222**
  - Induction of Labor 223**
    - Indications 223

Contraindications	223
Labor Readiness	223
Cervical Ripening	224
Artificial Rupture of Membranes	224
Oxytocin Induction	225
Nursing Care	225
<b>Assisted Delivery 225</b>	
Episiotomy	225
Vacuum-Assisted Delivery	226
Forceps-Assisted Delivery	227
Operative Vaginal Delivery Indications	227
Nursing Care	227
<b>Cesarean Birth 228</b>	
Indications	228
Incidence	228
Risks	228
Maternal Complications	229
Fetal Complications	229
Incision Types	229
Steps of a Cesarean Delivery	230
Nursing Care	233
<b>Vaginal Birth After Cesarean 235</b>	
Prerequisites	235
Contraindications	237
Risks and Benefits	237
Nursing Care	237

## UNIT 5

### Postpartum and Newborn 243

<b>12 The Postpartum Woman 244</b>	
<b>Maternal Adaptation During the Postpartum Period 244</b>	
Physiologic Adaptation	244
Psychological Adaptation	248
<b>The Nurse's Role in Postpartum Care 251</b>	
Nursing Process for the Early Postpartum Period	251
Nursing Process for Postpartum Care after Cesarean Birth	258
Nursing Process for Preparing the Postpartum Woman for Discharge	261
<b>13 Nursing Care During Newborn Transition 268</b>	
<b>Physiologic Adaptation 269</b>	
Respiratory Adaptation	269
Cardiovascular Adaptation	270
Thermoregulatory Adaptation	270
Metabolic Adaptation	271
Hepatic Adaptation	271
Behavioral and Social Adaptation	272
<b>Nursing Examination of the Normal Newborn 272</b>	
Initial Assessments at Birth	272
Continuing Data Collection During Newborn Transition	273
Initial Admitting Examination	273
<b>14 Nursing Care of the Normal Newborn 288</b>	
<b>Newborn Stabilization and Transition 289</b>	
Nursing Process in Immediate Stabilization and Transition of the Newborn	289
<b>General Newborn Care 293</b>	

Nursing Process in Providing Care to the Normal Newborn	293
<b>Discharge Preparation 297</b>	
Nursing Process in Preparing the Newborn for Discharge	297
<b>15 Newborn Nutrition 308</b>	
<b>Selection of a Feeding Method 309</b>	
Factors That Influence Choice of Method	309
Nursing Considerations	310
<b>Breast-Feeding 310</b>	
Advantages and Disadvantages of Breast-Feeding	310
Physiology of Breast-Feeding	311
Composition of Breast Milk	313
Nutritional Needs of the Breast-Feeding Woman	313
Nursing Care of the Breast-Feeding Woman	313
<b>Formula-Feeding 319</b>	
Advantages and Disadvantages of Formula-Feeding	319
Composition of Formula	319
Nursing Care of the Formula-Feeding Woman	320

## UNIT 6

### Childbearing at Risk 327

<b>16 Pregnancy at Risk: Conditions That Complicate Pregnancy 328</b>	
<b>Pregnancy Complicated by Medical Conditions 329</b>	
Diabetes Mellitus	329
Nursing Process for the Pregnant Woman with Diabetes	332
Cardiovascular Disease	334
Anemia	336
Asthma	338
Epilepsy	339
Infectious Diseases	339
Nursing Process for the Pregnant Woman with an STI	345
<b>Pregnancy Complicated by Intimate Partner Violence 348</b>	
Clinical Manifestations	349
Screening and Interventions	349
Nursing Care	350
<b>Pregnancy Complicated by Age-Related Concerns 351</b>	
Adolescent Pregnancy	351
Pregnancy in Later Life	352
<b>17 Pregnancy at Risk: Pregnancy-Related Complications 356</b>	
<b>Hyperemesis Gravidarum 357</b>	
Clinical Manifestations	357
Treatment	357
Nursing Care	358
<b>Bleeding Disorders 358</b>	
Ectopic Pregnancy	358
Early Pregnancy Loss	359
Cervical Insufficiency	362
Gestational Trophoblastic Disease	362
Placenta Previa	364
Abruptio Placentae	366
Nursing Process for the Woman with a Bleeding Disorder	367

- Hypertensive Disorders in Pregnancy 369**  
 Gestational Hypertension 369  
 Preeclampsia-Eclampsia 369  
 Chronic Hypertension and Preeclampsia Superimposed on Chronic Hypertension 375
- Multiple Gestation 377**  
 Clinical Manifestations 378  
 Treatment 378  
 Nursing Care 378
- Blood Incompatibilities 378**  
 Rh Incompatibility 378  
 ABO Incompatibility 379
- 18 Labor at Risk 383**  
**Dysfunctional Labor (Dystocia) 383**  
 Complications 384  
 Clinical Manifestations and Diagnosis 384  
 Causes of Labor Dysfunction 384  
 Treatment 385  
 Nursing Care 385
- Fetal Malpresentation 385**  
 Clinical Manifestations and Diagnosis 386  
 Treatment 386  
 Nursing Care 386
- Premature Rupture of Membranes 387**  
 Clinical Manifestations and Diagnosis 387  
 Treatment 387  
 Nursing Care 388
- Preterm Labor 388**  
 Clinical Manifestations and Diagnosis 388  
 Treatment 389  
*Nursing Process for the Woman with Preterm Labor 389*
- Post-Term Pregnancy and Labor 391**  
 Clinical Manifestations and Diagnosis 391  
 Treatment 391  
 Nursing Care 391
- Intrauterine Fetal Death 392**  
 Clinical Manifestations and Diagnosis 392  
 Treatment 392  
 Nursing Care 392
- Emergencies Associated with Labor and Birth 393**  
 Amniotic Fluid Embolism 393  
 Shoulder Dystocia 393  
 Umbilical Cord Prolapse 395  
 Uterine Rupture 395  
 Placental and Umbilical Cord Abnormalities 396
- 19 Postpartum Woman at Risk 400**  
**Postpartum Hemorrhage 401**  
 Early Postpartum Hemorrhage 401  
*Nursing Process for the Woman with Early Postpartum Hemorrhage 403*  
 Late Postpartum Hemorrhage 406
- Postpartum Infection 407**  
 Endometritis 407  
 Wound Infection 408  
 Mastitis 410  
 Urinary Tract Infection 411
- Venous Thromboembolism 414**  
 Risk Factors 414  
 Deep Vein Thrombosis 415  
 Pulmonary Embolism 416
- Postpartum Mental Health Disorders 417**  
 Postpartum Depression 417  
 Postpartum Psychosis 418
- Special Postpartum Situations 419**  
 Grief in the Postpartal Period 419  
 Malattachment in the Postpartum Period 420
- 20 The Newborn at Risk: Gestational and Acquired Disorders 424**  
**Variations in Size and Gestational Age 425**  
 Gestational Age Assessment 425  
 The Small-for-Gestational Age (Growth-Restricted) Newborn 425  
 The Large-for-Gestational Age Newborn 429  
 The Preterm Newborn 429  
*Nursing Process for the Preterm Newborn 433*  
 The Post-Term Newborn 440
- Acquired Disorders 440**  
 Respiratory Disorders 440  
 Hemolytic Disease of the Newborn 443  
 Newborn of a Mother with Diabetes 445  
 Newborn of a Mother with Substance Abuse 445  
 Newborn with a Congenitally Acquired Infection 446
- 21 The Newborn at Risk: Congenital Disorders 452**  
**Congenital Malformations 453**  
 Central Nervous System Defects 453  
*Nursing Process for the Newborn with Myelomeningocele 454*  
*Nursing Process for the Postoperative Newborn with Hydrocephalus 458*  
 Cardiovascular System Defects: Congenital Heart Disease 459  
 Gastrointestinal System Defects 464  
*Nursing Process for the Newborn with Cleft Lip and Cleft Palate 466*  
 Genitourinary Tract Defects 473  
 Skeletal System Defects 474  
*Nursing Process for the Newborn in an Orthopedic Device or Cast 477*
- Inborn Errors of Metabolism 478**  
 Phenylketonuria 478  
 Galactosemia 480  
 Congenital Hypothyroidism 480  
 Maple Syrup Urine Disease 481
- Chromosomal Abnormalities 481**  
 Down Syndrome 481  
 Turner Syndrome 482  
 Klinefelter Syndrome 483

## UNIT 7

### Health Promotion for Normal Growth and Development 487

- 22 Principles of Growth and Development 488**  
**Foundations of Growth and Development 488**  
 Patterns of Growth 489  
 Standards of Growth 489  
 Standards of Development 490  
**Influences on Growth and Development 490**  
 Genetics 490

- Nutrition 491
- Environment 491
- Theories of Child Development 495**
  - Sigmund Freud 495
  - Erik Erikson 497
  - Jean Piaget 499
  - Lawrence Kohlberg 499
  - Other Theorists 500
- Developmental Considerations for Communicating with Children and Family Caregivers 501**
  - Principles of Communication 501
  - Communicating with Infants 502
  - Communicating with Young Children 502
  - Communicating with School-Aged Children 502
  - Communicating with Adolescents 503
  - Communicating with Family Caregivers 503
- The Nurse's Role Related to Growth and Development 504**
- 23 Growth and Development of the Infant: 28 Days to 1 Year 508**
  - Physical Development 509**
    - Weight and Height 509
    - Head and Skull 509
    - Skeletal Growth and Maturation 509
    - Eruption of Deciduous Teeth 510
    - Circulatory System 510
    - Body Temperature and Respiratory Rate 511
    - Neuromuscular Development 511
  - Psychosocial Development 513**
  - Nutrition 515**
    - Addition of Solid Foods 515
    - Weaning the Infant 518
    - Women, Infants, and Children Food Program 518
  - Health Promotion and Maintenance 518**
    - Routine Checkups 519
    - Immunizations 519
    - Family Teaching 519
  - The Infant in the Health Care Facility 522**
- 24 Growth and Development of the Toddler: 1 to 3 Years 527**
  - Physical Development 528**
  - Psychosocial Development 528**
    - Behavioral Characteristics 529
    - Play 530
    - Discipline 531
    - Sharing with a New Baby 531
  - Nutrition 532**
  - Health Promotion and Maintenance 533**
    - Routine Checkups 533
    - Family Teaching 533
    - Accident Prevention 536
  - The Toddler in the Health Care Facility 538**
    - Maintaining Routines 539
    - Special Considerations 539
- 25 Growth and Development of the Preschool Child: 3 to 6 Years 544**
  - Physical Development 545**
    - Growth Rate 545
    - Dentition 545
    - Visual Development 545
    - Skeletal Growth 545
  - Psychosocial Development 546**
    - Language Development 546
    - Development of Imagination 547
    - Sexual Development 548
    - Social Development 548
  - Nutrition 550**
  - Health Promotion and Maintenance 551**
    - Routine Checkups 551
    - Family Teaching 551
    - Accident Prevention 552
    - Infection Prevention 553
  - The Preschooler in the Health Care Facility 554**
- 26 Growth and Development of the School-Aged Child: 6 to 10 Years 558**
  - Physical Development 559**
    - Weight and Height 559
    - Dentition 559
    - Skeletal Growth 560
  - Psychosocial Development 560**
    - Development From Ages 6 to 7 Years 561
    - Development From Ages 7 to 10 Years 562
  - Nutrition 563**
  - Health Promotion and Maintenance 564**
    - Routine Checkups 564
    - Family Teaching 564
    - Health Education 565
    - Accident Prevention 567
  - The School-Aged Child in the Health Care Facility 567**
- 27 Growth and Development of the Adolescent: 11 to 18 Years 573**
  - Preadolescent Development 574**
    - Physical Development 574
    - Preparation for Adolescence 574
  - Adolescent Development 575**
    - Physical Development 575
    - Psychosocial Development 575
  - Nutrition 578**
  - Health Promotion and Maintenance 579**
    - Routine Checkups 579
    - Dental Checkups 580
    - Family Teaching 581
    - Health Education and Counseling 581
    - Mental Health 585
    - Accident Prevention 585
  - The Adolescent in the Health Care Facility 585**

## UNIT 8

### Foundations of Pediatric Nursing 591

- 28 Data Collection (Assessment) for the Child 592**
  - Collecting Subjective Data 593**
    - Conducting the Client Interview 593
    - Obtaining a Client History 594
  - Collecting Objective Data 597**
    - Noting General Status 598
    - Measuring Height and Weight 599

- Measuring Head Circumference 600  
 Taking Vital Signs 600  
 Conducting or Assisting with a Physical Examination 605  
 Assisting with Common Diagnostic Tests 608
- 29 Care of the Hospitalized Child 611**  
**The Pediatric Hospital Setting 612**  
 Early Childhood Education About Hospitals 612  
 The Pediatric Unit Atmosphere 613  
 Pediatric Intensive Care Units 613  
 Safety 614  
 Infection Control 614  
 Importance of Family Caregiver Participation 615  
**Admission and Discharge Planning 617**  
 Planned Admissions 617  
 Emergency Admissions 618  
 The Admission Interview 618  
 The Admission Physical Examination 618  
 Discharge Planning 618  
**The Child Undergoing Surgery 619**  
 Preoperative Care 619  
 Postoperative Care 621  
**The Hospital Play Program 623**  
 The Hospital Play Environment 623  
 Therapeutic Play 624  
 Play Material 624
- 30 Procedures and Treatments 629**  
**Nurse's Role in Preparation and Follow-Up 630**  
 Preparation for Procedures 630  
 Follow-Up for Procedures 630  
**Performing Procedures Related to Position 631**  
 Using Restraints 631  
 Holding 632  
 Transporting 632  
 Positioning for Sleep 633  
**Performing Procedures Related to Elevated Body Temperature 633**  
 Control of Environmental Factors 633  
 Cooling Devices 633  
**Performing Procedures Related to Feeding and Nutrition 634**  
 Intake and Output Measurements 634  
 Gavage Feeding 634  
 Gastrostomy Feeding 634  
**Performing Procedures Related to Respiration 637**  
 Oxygen Administration 637  
 Nasal/Oral Suctioning 637  
 Tracheostomy Care 638  
**Performing Procedures Related to Circulation 638**  
 Heat Therapy 638  
 Cold Therapy 638  
**Performing Procedures Related to Elimination 639**  
 Enema Administration 639  
 Ostomy Care 639  
**Performing Procedures for Specimen Collection 639**  
 Nose and Throat Specimens 639  
 Urine Specimens 639  
 Stool Specimens 640  
**Assisting with Procedures Related to Collection of Blood and Spinal Fluid 641**  
 Blood Collection 641  
 Lumbar Puncture 641  
**Assisting with Procedures Related to Diagnostic Tests and Studies 641**
- 31 Medication Administration and Intravenous Therapy 646**  
**Medication Administration 647**  
 Rights and Guidelines 647  
 Pediatric Dosage Calculation 649  
 Oral Administration 650  
 Ophthalmic, Otic, Nasal, and Rectal Administration 651  
 Intramuscular Administration 652  
 Subcutaneous and Intradermal Administration 654  
 Intravenous Administration 655  
**Intravenous Therapy 655**  
 Fundamentals of Fluid and Electrolyte Balance 655  
 IV Therapy Administration 656  
 Parenteral Nutrition Administration 659

## UNIT 9

### Special Concerns of Pediatric Nursing 663

- 32 The Child with a Chronic Health Problem 664**  
 Causes of Chronic Conditions in Children 664  
 Effects of Chronic Conditions on the Family 665  
 Parents and Chronic Conditions 665  
 The Child and Chronic Conditions 666  
 Siblings and Chronic Conditions 667  
**The Role of the Nurse 667**  
*Nursing Process for the Family and the Child with a Chronic Condition 667*
- 33 Abuse in the Family and Community 676**  
**Child Maltreatment 677**  
 Types of Child Maltreatment 677  
 Effects on the Child and Family 681  
*Nursing Process for the Child Who is Abused 681*  
**Domestic Violence in the Family 683**  
 Effects on the Child and Family 683  
 Clinical Manifestations in the Child 683  
**Bullying 683**  
 Effects on the Child 683  
 Clinical Manifestations in the Child 683  
**Parental Substance Abuse 683**  
 Effects on the Child and Family 684  
 Clinical Manifestations in the Child 684
- 34 The Dying Child 688**  
**The Nurse's Reaction to Death and Dying 689**  
**The Child's Understanding of Death 689**  
 Developmental Stage 690  
 Experience with Death and Loss 691  
 Awareness of Impending Death 692

- The Family's Reaction to Dying and Death** 692  
 Family Caregivers' Reactions 694  
 The Child's Reaction 695  
 Siblings' Reactions 696  
**Settings for Care of the Dying Child** 696  
 Hospice Care 697  
 Home Care 697  
 Hospital Care 697  
**The Role of the Nurse** 698  
*Nursing Process for the Dying Child* 698

## UNIT 10

### The Child with a Health Disorder 705

- 35 The Child with a Sensory/Neurologic Disorder** 706  
**Growth and Development of the Eyes, Ears, and Nervous System** 707  
 The Nervous System 707  
 Sensory Organs 707  
**Vision Impairment** 707  
 Types of Vision Impairment 708  
 Clinical Manifestations and Diagnosis 708  
 Treatment and Education 709  
 Nursing Care 709  
**Eye Conditions** 709  
 Cataracts 709  
 Glaucoma 710  
 Strabismus 711  
 Eye Injury and Foreign Objects in the Eye 711  
 Eye Infections 712  
 Nursing Care for the Child Undergoing Eye Surgery 712  
**Hearing Impairment** 712  
 Types of Hearing Impairment 713  
 Clinical Manifestations 713  
 Diagnosis 713  
 Treatment and Education 714  
 Nursing Care 714  
**Otitis Media** 715  
 Clinical Manifestations 715  
 Diagnosis 715  
 Treatment and Nursing Care 715  
**Insertion of Foreign Bodies Into the Ear or Nose** 715  
**Reye Syndrome** 716  
 Clinical Manifestations 716  
 Diagnosis 716  
 Treatment 716  
 Nursing Care 716  
**Acute or Nonrecurrent Seizures** 717  
 Clinical Manifestations and Diagnosis 717  
 Treatment 717  
*Nursing Process for the Child at Risk for Seizures* 717  
**Seizure Disorders** 718  
 Clinical Manifestations 718  
 Diagnosis 719  
 Treatment 719  
 Nursing Care 719  
**Haemophilus Influenzae Meningitis** 721  
 Clinical Manifestations 721  
 Diagnosis 721  
 Treatment 722

- Nursing Process for the Child with Meningitis* 722  
**Cerebral Palsy** 723  
 Causes 723  
 Prevention 724  
 Clinical Manifestations and Types 724  
 Diagnosis 724  
 Treatment and Special Aids 725  
 Nursing Care 725  
**Intellectual Disability** 726  
 Causes 726  
 Clinical Manifestations and Diagnosis 727  
 Treatment and Education 727  
*Nursing Process for the Child with Intellectual Disability (Cognitive Impairment)* 727  
**Head Injuries** 730  
**Drowning** 731  
**36 The Child with a Respiratory Disorder** 737  
**Growth and Development of the Respiratory System** 738  
**Acute Nasopharyngitis (Common Cold)** 738  
 Clinical Manifestations 739  
 Diagnosis 739  
 Treatment and Nursing Care 739  
**Allergic Rhinitis (Hay Fever)** 739  
 Clinical Manifestations 739  
 Treatment and Nursing Care 739  
**Tonsillitis and Adenoiditis** 739  
 Clinical Manifestations and Diagnosis 739  
 Treatment and Nursing Care 740  
*Nursing Process for the Child Having a Tonsillectomy* 740  
**Croup Syndromes** 741  
 Spasmodic Laryngitis 741  
 Acute Laryngotracheobronchitis 742  
 Epiglottitis 742  
**Acute Bronchiolitis/Respiratory Syncytial Virus Infection** 743  
 Clinical Manifestations 743  
 Diagnosis 743  
 Treatment and Nursing Care 743  
**Asthma** 743  
 Clinical Manifestations 744  
 Diagnosis 744  
 Treatment 744  
*Nursing Process for the Child with Asthma* 747  
**Bacterial Pneumonia** 749  
 Clinical Manifestations 750  
 Diagnosis 750  
 Treatment 750  
*Nursing Process for the Child with Pneumonia* 750  
**Cystic Fibrosis** 754  
 Clinical Manifestations 754  
 Diagnosis 755  
 Treatment 755  
*Nursing Process for the Child with Cystic Fibrosis* 758  
**Pulmonary Tuberculosis** 760  
 Clinical Manifestations 760  
 Diagnosis 760  
 Treatment 760  
 Prevention 760

- 37 The Child with a Cardiovascular/Hematologic Disorder 765**  
**Growth and Development of the Cardiovascular and Hematologic Systems 766**  
**Differences Between the Child's and Adult's Cardiovascular and Hematologic Systems 766**  
**Congestive Heart Failure 766**  
 Clinical Manifestations 767  
 Diagnosis 767  
 Treatment 767  
*Nursing Process for the Child with Congestive Heart Failure 767*  
**Rheumatic Fever 768**  
 Clinical Manifestations 768  
 Diagnosis 769  
 Treatment 769  
 Prevention 770  
*Nursing Process for the Child with Rheumatic Fever 770*  
**Kawasaki Disease 772**  
 Clinical Manifestations 772  
 Diagnosis 772  
 Treatment and Nursing Care 773  
**Iron-Deficiency Anemia 773**  
 Clinical Manifestations 773  
 Diagnosis 773  
 Treatment and Nursing Care 773  
**Sickle Cell Disease 774**  
 Clinical Manifestations 774  
 Diagnosis 775  
 Treatment 775  
*Nursing Process for the Child with Sickle Cell Crisis 775*  
**Thalassemia 777**  
 Clinical Manifestations 777  
 Treatment and Nursing Care 777  
**Hemophilia 777**  
 Mechanism of Clot Formation 777  
 Common Types of Hemophilia 777  
 Clinical Manifestations 778  
 Diagnosis 778  
 Treatment 778  
*Nursing Process for the Child with Hemophilia 778*  
**Idiopathic Thrombocytopenic Purpura 781**  
 Clinical Manifestations and Diagnosis 781  
 Treatment and Nursing Care 781  
**Acute Leukemia 781**  
 Pathophysiology 781  
 Clinical Manifestations 781  
 Diagnosis 781  
 Treatment 781  
*Nursing Process for the Child with Leukemia 782*
- 38 The Child with a Gastrointestinal/Endocrine Disorder 788**  
**Growth and Development of the Gastrointestinal and Endocrine Systems 789**  
 Gastrointestinal System 789  
 Endocrine System and Hormonal Function 789  
**Gastrointestinal Disorders 790**  
 Malnutrition and Nutritional Problems 790  
*Nursing Process for the Child with Malnutrition and Nutritional Problems 792*  
 Celiac Syndrome 793  
 Gastroesophageal Reflux 794  
 Colic 795  
 Diarrhea and Gastroenteritis 795  
*Nursing Process for the Child with Diarrhea and Gastroenteritis 796*  
 Pyloric Stenosis 799  
*Nursing Process for the Child with Pyloric Stenosis 800*  
 Congenital Aganglionic Megacolon 802  
*Nursing Process for the Child Undergoing Surgery for Congenital Aganglionic Megacolon 803*  
 Intussusception 805  
 Appendicitis 806  
*Nursing Process for the Child with Appendicitis 806*  
 Intestinal Parasites 808  
 Ingestion of Toxic Substances 809  
 Lead Poisoning (Plumbism) 810  
 Ingestion of Foreign Objects 812  
**Endocrine Disorders 814**  
 Type 1 Diabetes Mellitus 814  
*Nursing Process for the Child with Type 1 Diabetes Mellitus 817*  
 Type 2 Diabetes Mellitus 822
- 39 The Child with a Genitourinary Disorder 827**  
**Growth and Development of the Genitourinary System 827**  
**Urinary Tract Infections 828**  
 Clinical Manifestations 828  
 Diagnosis 829  
 Treatment 829  
*Nursing Process for the Child with a Urinary Tract Infection 829*  
 Enuresis 830  
**Acute Glomerulonephritis 831**  
 Clinical Manifestations 831  
 Treatment 831  
 Nursing Care 832  
**Nephrotic Syndrome 832**  
 Clinical Manifestations 832  
 Diagnosis 832  
 Treatment 832  
*Nursing Process for the Child with Nephrotic Syndrome 833*  
**Wilms Tumor (Nephroblastoma) 835**  
 Hydrocele 835  
 Cryptorchidism 835  
**Menstrual Disorders 835**  
 Premenstrual Syndrome 835  
 Dysmenorrhea 836  
 Amenorrhea 836  
 Vaginitis 836
- 40 The Child with a Musculoskeletal Disorder 840**  
**Growth and Development of the Musculoskeletal System 840**  
**Fractures 841**  
 Treatment and Nursing Care 842  
**Osteomyelitis 847**  
 Clinical Manifestations and Diagnosis 847  
 Treatment 848  
 Nursing Care 848

<b>Muscular Dystrophy</b>	<b>848</b>
Clinical Manifestations and Diagnosis	848
Treatment and Nursing Care	848
<b>Legg-Calvé-Perthes Disease (Coxa Plana)</b>	<b>848</b>
Clinical Manifestations and Diagnosis	848
Treatment and Nursing Care	850
<b>Osteosarcoma</b>	<b>850</b>
Clinical Manifestations and Diagnosis	850
Treatment and Nursing Care	850
<b>Ewing Sarcoma</b>	<b>850</b>
Clinical Manifestations and Diagnosis	850
Treatment and Nursing Care	850
<b>Juvenile Idiopathic Arthritis</b>	<b>850</b>
Clinical Manifestations	851
Treatment and Nursing Care	851
<b>Scoliosis</b>	<b>852</b>
Diagnosis	852
Treatment	852
<i>Nursing Process for the Child with Scoliosis Requiring a Brace</i> 854	

#### **41 The Child with an Integumentary Disorder/ Communicable Disease 859**

##### **Growth and Development of the Integumentary and Immune Systems 860**

##### **Integumentary Disorders 860**

Seborrheic Dermatitis	860
Miliaria Rubra	860
Diaper Rash	861
Candidiasis	861
Staphylococcal Infection	862
Impetigo	862
Acne Vulgaris	863

##### **Fungal Infections 863**

Tinea Capitis (Ringworm of the Scalp)	863
Tinea Corporis (Ringworm of the Body)	864
Tinea Pedis	864
Tinea Cruris	864

##### **Parasitic Infections 864**

Pediculosis	864
Scabies	865

##### **Allergic Disorders 865**

Atopic Dermatitis (Infantile Eczema)	866
--------------------------------------	-----

##### *Nursing Process for the Child with Infantile Eczema* 867

Skin Allergies	868
Plant Allergies	868

##### **Bites 869**

Animal Bites	869
Spider Bites	869
Tick Bites	869
Snake Bites	869
Insect Stings or Bites	869

##### **Burns 870**

Types of Burns	870
Emergency Treatment	871
Treatment of Moderate-to-Severe Burns:	
First Phase—48 to 72 Hours	872
Complications	875
Long-Term Care	875

##### *Nursing Process for the Child with a Burn* 875

##### **Sexually Transmitted Infections 880**

Human Papillomaviruses	881
Gonorrhea	881
Chlamydial Infection	881
Genital Herpes	881
Syphilis	881
Acquired Immunodeficiency Syndrome	881

##### *Nursing Process for the Child with AIDS* 882

##### **Infectious Mononucleosis 886**

Clinical Manifestations	886
Diagnosis	886
Treatment and Nursing Care	886

##### **Communicable Diseases of Childhood 886**

Prevention	886
Nursing Care	890

#### **42 The Child with a Psychosocial Disorder 895**

##### **Autism Spectrum Disorder 895**

Clinical Manifestations	896
Diagnosis	896
Treatment	896
Nursing Care	896

##### **Attention Deficit Hyperactivity Disorder 897**

Clinical Manifestations	897
Diagnosis	897
Treatment and Nursing Care	897

##### **Enuresis and Encopresis 898**

##### **Bullying 898**

##### **School Phobia 898**

Clinical Manifestations	898
Treatment and Nursing Care	898

##### **Depression and Suicide 898**

Clinical Manifestations	899
Treatment and Nursing Care	900

##### **Substance Abuse 900**

Prevention and Treatment	900
Alcohol Abuse	901
Tobacco Abuse	902
Marijuana Abuse	903
Cocaine Abuse	903
Narcotic Abuse	903
Other Abused Drugs	903

##### **Nonorganic Failure to Thrive 904**

Clinical Manifestations	904
Diagnosis	905
Treatment	905

##### *Nursing Process for the Child with Nonorganic Failure to Thrive* 905

##### **Eating Disorders 906**

Anorexia Nervosa	906
Bulimia Nervosa	907

##### *Nursing Process for the Child with Anorexia Nervosa or Bulimia Nervosa* 908

##### **Obesity 912**

Clinical Manifestations and Diagnosis	912
Treatment	912

<b>Appendix A</b>	<i>Standard and Transmission-Based Precautions</i>	917
